CERTIFICATION

Pursuant to 327 IAC 3-6-4, I, _____ representing the project applicant, in my capacity as a registered professional engineer, Indiana registration number _____ certify under penalty of law that the design of this project will be performed under my direction or supervision to assure conformance with 327 IAC 3 and that the plans and specifications will require the construction of said project to be performed in conformance with 327 IAC 3-6. I certify that the peak daily flow rates, in accordance with 327 IAC 3-6-11 generated in the area that will be collected by the proposed collection system that is the subject of the application, plans, and specifications, will not cause overflowing or bypassing in the same subject proposed collection system from locations other than NPDES authorized discharge points. I certify that the proposed collection system does not include new combined sewers or a combined sewer extension to existing combined sewers. I certify that the ability for this collection system to comply with 327 IAC 3 is not contingent on water pollution treatment/control facility construction that has not been completed and put into operation. I certify that the design of the proposed project will meet all local rules, laws, regulations, and ordinances. The information submitted is true, accurate, and complete to the best of my knowledge and belief. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.
