Who is American Water Resources?

American Water Resources, an Oncourse® Company (AWR), is the exclusive service line protection provider for Fort Wayne City Utilities. AWR is an independent third-party provider of optional home protection programs, is accredited with the Better Business Bureau, boasts a 94% customer satisfaction rating, and provides service line protection programs to homeowners in 43 states and Washington, D.C.

AWR offers peace of mind to customers by protecting their private service lines. These protection programs help safeguard customers from unexpected repair costs due to normal wear and tear, which typically are not covered by standard homeowners insurance.

What are AWR's program features?

- Get help quickly – Customer Service Hotline available 24 hours a day, 365 days a year.
- Avoid the hassle of searching for a plumber, getting permits, and handling inspections. No paperwork is needed.
- Enjoy peace of mind knowing professional, local and insured contractors are promptly dispatched.
- 1-year warranty on covered repairs to be free from defects in materials and workmanship.
- No service fees.
- Generous protection for covered water line and sewer line repairs.

Water Line Protection Program

This protection program covers repairs to the water service line for leaks and breaks caused by normal wear and tear. This line is the water pipe running from your home to the connection with the water meter (located near the street).

Typical homeowner water line responsibility is to maintain — and repair if necessary — the water line from the curb stop to your home. (Your responsibility may vary.)

Protection Details / What's Covered*

- Obtaining permits
- Excavating
- Equipment
- Tools and expertise
- Repairing the water line
- Backfilling any holes
- Reseeding your yard
- Handling inspections

\$6.49 per month

Sewer Line Protection Program

Based on AWR's experience, sewer lines are three times more likely to have problems than water lines and must be repaired quickly.

This program covers sewer line repairs for breaks, clogs, and blockages caused by normal wear and tear. Maintenance and repair of the sewer lateral from your home to the sewer main is typically a homeowner's responsibility. (Your responsibility may vary.)
